

This week... Space, Whatever Next

In Maths... This week the year 2s have been looking at statistics, creating and interrupting tally charts and pictograms. The rest of the class have been looking at place value, numberlines to 30 or 100 squares, working out missing numbers, odd one outs in a sequence and the value of two digit numbers.

In English... We have looked at the book 'Whatever Next' and talked about travelling into space. It has created lots of excitement and research. Did you know you can get to the ISS in 6 hours, but it takes 3 days to reach the moon! We have created our own version of the story, where Baby bear landed somewhere different - mars, the sun, Venus, and met an interesting alien!

In other news... Ogden Trust visited with their travelling space workshop. We got together as a school and enjoyed an afternoon of WOW and wonder. We loved burning rocket fuel, handling uv lights and trying on a real life space helmet. We sat without a murmur or a wriggle amazed at what we heard and did.

 **Star of the week...** JJ super listening during the Space workshop, thinking and asking fantastic questions..

Maths Additional: See below

Homework is to be handed in on Wednesday 25th April.

Phonics: EYFS: recap and practicing cvc/cvcc words Y1 a sounds Y2 el sounds

Spellings: KS1 **Week 5** (Summer Term 1)

	Maths	Homework
Bronze EYFS	Language for Measurement	CGP: Maths Page 12,13 and 14 (you may need to use counters, buttons, pasta to support).
Silver	Language for Measurement	CGP: Reading Comprehension Pages 16 and 17 CGP: SPAG: Pages 10 and 11
Gold	Language for Measurement	CGP: Reading Comprehension Pages 12 and 13 CGP: SPAG: Pages 9, 12 and 13

Pupil Feedback	Parent Feedback	Teacher Feedback
	How much support did your child need? None <input type="checkbox"/> A little <input type="checkbox"/> Lots <input type="checkbox"/> Comment:
