

# News and Homework for week beginning 4th June

## This week... Military

**In Maths...** we started the week looking at time. Year 1s understanding half past and o'clock, Year 2s working on 5 minute intervals. We then moved on to money, recreating our own shop and have been working with money and values. We also went for a walk to the local shop (and to see the new shops) and spent some money to understand the principle of change.

**In English...** We are using computers and books to research the different aspects of war from the sea, air and land. This week we have been looking at air and researching different British and German aeroplanes. We are also working extremely hard on good letter formation and spelling this week.

**In other news...** We enjoyed a great afternoon pretending to be builders. Mrs James came up with a multi activity afternoon involving a mixture of dance, athletics, computing and physically building outside! The children thoroughly enjoyed themselves. In Science we talked about hygiene and how easily germs are spread. We used glitter as our germs and they went everywhere when he touched other people and objects, we then had to work out the best method of cleaning them off! Warm water and soap seemed to be the best options.

## THIS WEEKEND at Wicksteed Park.

Maths Additional: See below

Homework is to be handed in on Wednesday 13th June. Spelling: is Week 1

	Maths	Homework
<b>Silver</b>	quick recall of bond to 20	Year 1 CGP SPAG Book page 27 and 29 Year 1 CGP Reading page 22 and 23
