

# News and Homework for week beginning 7th May

## This week... Space

**In Maths...** Lots of recapping of learning this week alongside the Year 2s completing their Secret Agent Training activities! We have all be working on mental addition and subtraction, doubling and halving. We are also continuing to look at measurement and particularly time as this is an area we all need help with.

**In English...** We have studied non-fiction books and been fact finding about on space as well as answering comprehension style questions. We have also used space images to enhance our imagination to discuss what is happen and what might happen.

**In other news...** During PE we have practised some of our sports day activities to help us develop our skills and ensure we know which way to turn, run, go! In art we have been looking at different artists and this week we looked at Paul Klee, he likes to experiment with colour and make tints! So we have been mixing tints as well. A little messy but great results. We have also experimented with paper aeroplanes beginning to understand that the wider the wing the more air flow and uplift.

**PYJAMA PARTY:** The year 6 Owls have their Secret Agent Training assessments next week. When they are finished, on the Friday, the children will be coming to school in pyjamas for a morning of activities and to watch a video pm. The Robins are keen to be included in the morning activities. Therefore if your child would like to come to school in their pyjamas on Friday they can, but they do not have to - this is entirely optional, however if they are not in PJs please can they wear their school uniform. We will join in the morning fun, but have a normal Friday afternoon catching up on science and group readers.

**Star of the week...** **Arabella** for super progress in reading and phonics. Working out all her sounds and tricky words, and developing good fluency.

**Maths Additional:** See below

**Homework is to be handed in on Wednesday 16th May.**

**Phonics:** EYFS: ai sounds Y1 o sounds Y2 suffix: ment or ness **Spellings:** KS1 **Week 4** (Summer Term 1)

	Maths	Homework
<b>Bronze EYFS</b>	Telling o'clock	We are really enjoying the space topic.  Can you find out three interest facts that you would like to share with the class, about space, astronauts, planets the international space station.... Please write them in your homework book so we can look at them next Wednesday afternoon.
<b>Silver</b>	Half Past and Quarter past/to	
<b>Gold</b>	5 minute intervals on a clock
