

Free School Meals

From the 1st September 2014, all Infants (children in Years R to Year 2) have been able to have a free school meal under the “Universal Free School Meal” Scheme. You will receive information about this when your child enrolls at the school.

This Universal Offer for Infants is very different from the entitlement to “Free School Meals” which is for pupils of any age whose parent qualifies for certain benefits. These children’s free school meal entitlement which is due to their family’s financial status provides the school with an additional grant of money for the benefit of the child.

Further information about this extra funding, which is of great value to the school as a whole, is available from the school office. **Children in receipt of the Free School Meals grant will be given a virtual voucher to cover the costs of all their school trips and some other educational resources.** It is therefore very important that if you think you may be eligible that you apply as soon as possible.

Applications must be made on line. To find out if you are eligible and to complete an application, please visit www.northamptonshire.gov.uk, type “free school meals” into the search box and follow the instructions. If you need any help, you are very welcome to contact Mrs Price the school office.
