- d) Deliver a broad, relevant and challenging education which is of a high standard and appropriate to an individual child's needs.
- e) Promote high standards of behaviour based on mutual trust and respect, developing responsibility and fostering self-discipline.
- f) Promote good citizenship, thus enabling individuals to make valuable contributions to wider society.
- g) Ensure equal opportunities for all.

## Statement of Intent

In an effort to promote openness to all interested parties, both Schools will endeavour to support all enquirers in their application for information held by school. Should an enquirer be experiencing difficulties in the process the school will endeavour to assist enquirers to fulfil their request.

- Simple requests for information such as viewing of accessible documents may be disclosed after a verbal application, this will be facilitated as soon as practicable. Where photocopies are requested there may be a charge to cover costs at the discretion of the school.
- For more complex requests, e.g. multiple documents, archives, personal data etc. the application must be in writing (or e-mail) and clearly describe the information requested for disclosure. If a request is made for a child's personal records, the school may require proof of parental responsibility (or equivalent) of that child before any disclosure is made.
- In all cases there may at the discretion of the school be a charge for disclosure to cover administration costs. The sum of costs, if any, will be communicated to the enquirer and must be paid prior to the information being disclosed. Costs will include the photocopier costs and admin time. The school will endeavour to provide disclosure within twenty working days (excluding school holidays) of the request being received or within twenty working days (excluding school holidays) of the date payment is received where a charge is applied. In some rare cases where information is required from multiple sources, disclosure may take longer. Enquirers will be informed of the approximate length of time the process will take.
- Whilst both Schools are keen to promote openness and be of assistance to parents, staff, and members of the public in making information as freely available as possible, the schools and their governing body have a duty to maintain confidentiality and comply with the *Data Protection Acts 1998 and 2003* and exclusions within the *Freedom of Information Act (FOI) 2000*. Before making any disclosures the school must be satisfied that the information can be disclosed without infringing the *Data Protection Acts* or other exclusions to the *(FOI)* as defined in the Act. The schools will reference [www.legislation.gov.uk](http://www.legislation.gov.uk) for information and may seek additional advice from the Local Authority's Legal Team. If the requested information is subject to exclusion or cannot be disclosed for any other reason the school will inform the enquirer at the earliest appropriate time.
